A trusted technology partner, not just another vendor

Reliable software, networking, security and infrastructure for manufacturing, retail, residential and corporate sites across India.

Hitesh Prajapati
Director, Sai Infotech

Our vision

To be a leading IT solutions provider known for innovation, reliability and customer trust.

"Our mission is simple — be a trusted technology partner, deliver reliable solutions, and help businesses grow with confidence in the digital world."

— Hitesh Prajapati, Director

- ✓ One-stop IT solution
- ✓ Fast support

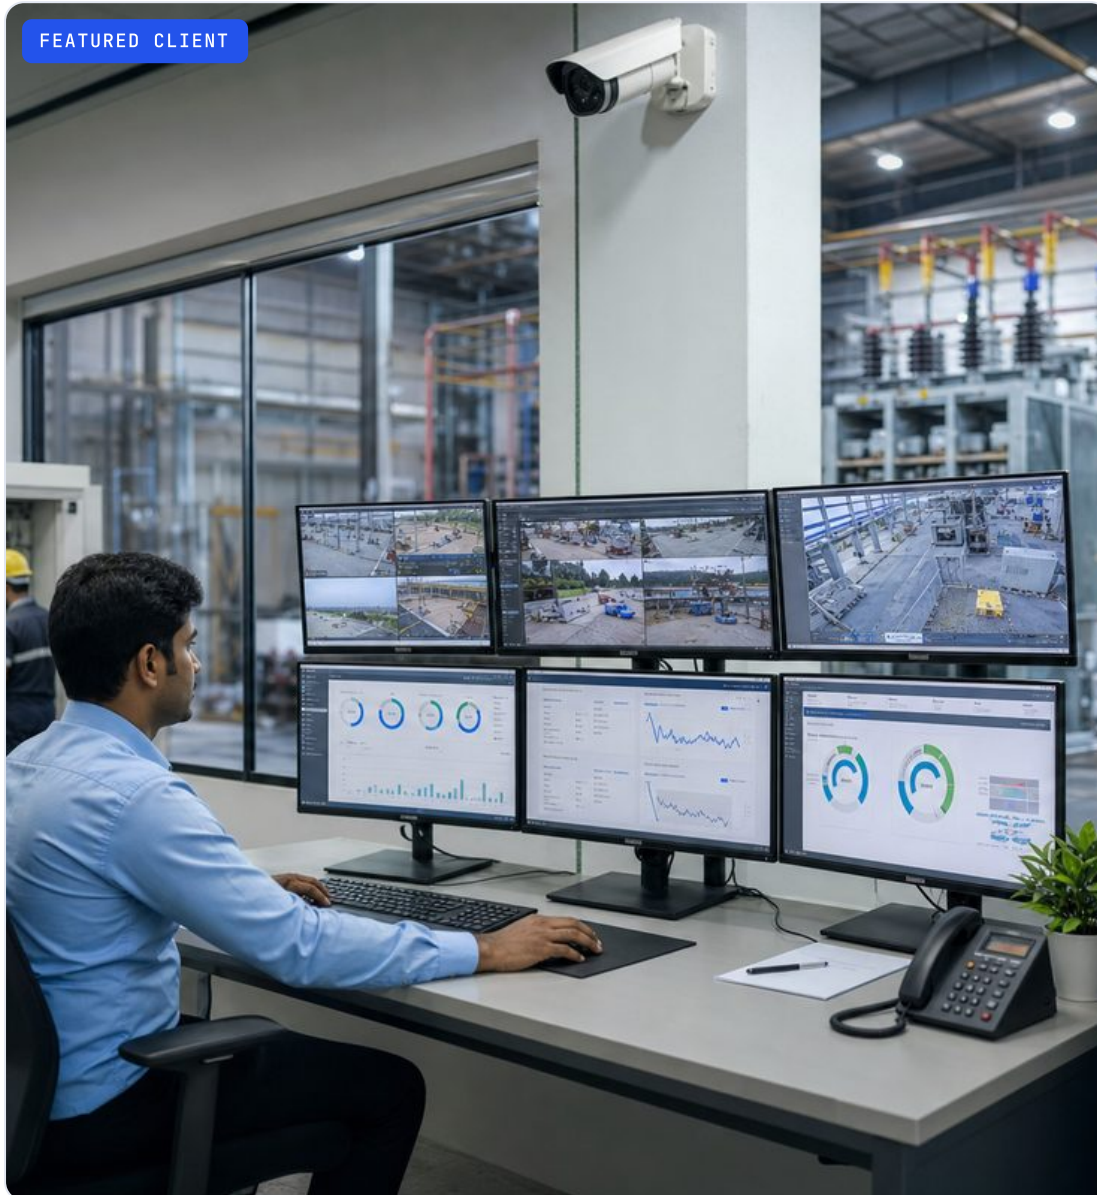

- ✓ Experienced professionals
- ✓ Customer first

- ✓ Affordable pricing
- ✓ Trusted AMC partnership

AI-enabled CCTV & full IT stack • Power Gain Engineers

EPC firm • Ahmedabad — end-to-end security, network, server and 24/7 AMC with remote support.

The challenge

A fast-growing EPC firm with office, workshop and project sites needed reliable CCTV, smarter site visibility and a single IT backbone — not patchwork vendors for network, servers and security.

Our solution

Structured cabling and managed network, Windows server & backup, AI-assisted CCTV with NVR analytics, access control, UPS power and 24/7 AMC with remote support.

"Sai Infotech handled everything — from cameras and networking to servers and ongoing support. Our teams focus on engineering while IT runs reliably."

— Power Gain Engineers, EPC • Ahmedabad

Selected projects across Gujarat

01

Industrial · Nikol

Plot CCTV & IT setup

Workshop security & infrastructure for industrial plot.

Result: Full plot visibility & stable network.

02

Residential · Nikol

Society CCTV & boom barrier

Gated community — cameras, boom barrier, NVR.

Result: Controlled vehicle access.

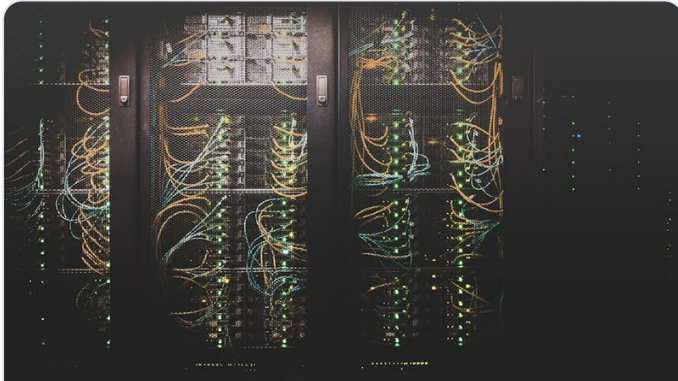

03

Retail · Gujarat

Multi-branch POS & network

Three outlets — billing, VPN, inventory sync.

Result: Consistent checkout uptime.

04

Corporate · Ahmedabad

Windows server migration

Server upgrade, backup policy, cloud sync.

Result: Faster access & disaster recovery.

05

SME · Nikol

Firewall & endpoint security

Perimeter & endpoint protection, remote VPN.

Result: Hardened perimeter, fewer incidents.

06

Business · Gujarat

Corporate website launch

Responsive site, enquiry form, SSL & hosting.

Result: Steady mobile enquiries.
